BioEntry Plus

 Product Categories: [Biometrics](#)
Product Tags: [biometrics](#), [fingerprint](#), [time and attendance](#)
Product Page: https://get-way.com/product/bioentry-plus/

Product Summary

BioEntry Plus comes with not only a TCP/IP
interface, but also more traditional interfaces
(RS-485, Wiegand) to provide higher flexibility and
multiple installation options for different
environments.

Product Description

BioEntry Plus exquisitely blends the benefits of an IP access control system with the added security provided by
biometrics. It is the base of Suprema's IP fingerprint product line and a good indoor solution to any system requiring
fingerprint technology.
